Hi Ranjit,

If you are planning to run this over a weekend, please use the following window:

- Saturday 8am to 6pm
- Sunday 9am to 6pm

Thanks

Aravinda Manjappaiah

Subject: RE: Dataphile prod - Ingestion to IDDL

Please find summary from our today's meeting discussion –

- Below are good time window for IDDL Ingestion from Dataphile prod environment –
 - 5:00 am to 8:00 am
 - 5:00 pm to 8:00 pm
- To confirm the completion of the Dataphile scheduled refresh run, we need to refer/check the Gncode table (Vijay to help on details to Subha & Winnie)

[@Aravinda Manjappaiah](#), I missed to confirm on – whether we are good to run ingestion over the weekend (i.e. adhoc load for IDDL-QA), if yes then is there any specific time-window for weekend also that we need to follow. Please let us know.

Regards,
Ranjit
